GPLN member Fleet Line Shipping handles 2 pressure vessels from U.A.E. to Korea

Dubai based Fleet Line Shipping Services LLC have shipped 2 pressure vessels measuring L 15 m x W 4.45 m x H 5 m, and weighting 58 MT each from Hamriya Sharjah Free Zone, U.A.E. to Busan, Korea. The vessels were transported on 6x6 axle low bed hydraulic/modular trailers with a proper counter weight from Sharjah to Jebel Ali port and afterwards were loaded on a container vessel by placing 4x40' empty flat rack containers for each of the pressure vessels. Once the vessels were placed safely on board Fleet Line Shipping arranged also the lashing to secure the cargo for the journey to Korea.
