**PRESS RELEASE**

August 26, 2013

**FOR IMMEDIATE RELEASE**

**GPLN member duo complete sensitive shipment**

Heavy Logistics from Belgium has recently completed a DDU shipment of a sensitive CNC machinery from Europe to Shanghai inclusive of job-site installation inside factory.

The CNC-machine was approximately 50 tons and measured 840cm x 296cm x 362cm.

Heavy Logistics, partnered with another GPLN member, Intermax Logistics in Shanghai on this job who took care of customs clearance, temporary storage & installation onto foundation.

As this machinery is very sensitive to external forces, every measure was being taken to arrange a smooth delivery.

Pictures of Heavy Logistics' moves can be seen on GPLN's Facebook pages:
